

17th January,

57

His Highness the Olowo of Owo,
Owo,
Nigeria.

Kalagisi,

I saw Grace last Saturday morning and had a long chat with her about her future plans. She is, at the moment, studying in the Regent Street Polytechnic and it is advisable that she stays there until September of this year. With regard to her entering a College of Domestic Science, this matter can be discussed fully with you when you come to London in May.

Sgt. F. O. Awosika
